We understand how important it is for customers to access information, request collections, provide feedback and generate reports to demonstrate how they have made a difference.

We're serious about meeting your needs

Home > Customer Portal Login 2

Customer Portal

Once you have been granted access to our Customer Portal you will be able to manage many of your account services online.

- View Site Locations
- Request Collections
- Download Usage Reports
- Download Statements

The Customer Portal will allow you, our valued customer, to access specific information. The security procedures prohibit anyone else viewing your data. Once you have entered your secure area you will only be allowed to view information relevant to your account.

Register Here For Your Customer Login

Existing customers can gain access to the Customer Portal by registering through the form linked below. In order to register you will need your email address and your Reclaim account number. Once you have received your login confirmation it is your responsibility to keep these details safe.

- Customer Login Registration Form

New Customer Portal Access
When the Customer Portal login screen is viewed, registered users can click on either Auckland or Whangarei Customer Logins to access their accounts.

Note: If you are not yet registered you will need to register via this link first. You will need your email address and your Reclaim account number. Once you have received your login confirmation via email it is your responsibility to keep these details safe. The Customer Portal is a secure access URL and is designed to deter any hackers, however we cannot accept liability should others gain access from your misuse of your details.

Please visit www.reclaim.co.nz for more information.

Login & Password

For the Login, please enter the email address you use to subscribe to this service. Then enter the password we have supplied to you by email. Further users can be requested (via our contact form), and there are 4 access levels we can grant users:

1. View financial and usage reports (with or without order bin/cage collections).
2. View financial reports only (with or without order bin/cage collections).
3. View usage reports only (with or without order bin/cage collections).
4. Order bin/cage collections only (no reports viewed).

Please visit www.reclaim.co.nz for more information.

Request Collections

You can request a collection for each service at each location, and this is now automatically sent to be scheduled with the relevant driver.

This means you can now manage all your collection requests online.

The highlighted days are the scheduled days for collections for each product in your area. You select the best day for you (depending on the product, you may only have one day to choose). You can add any special instructions if needed. Once you have clicked Save, the scheduled collection is submitted and saved for you.

Please visit www.reclaim.co.nz for more information.

Reporting Options

PDF Report

CSV Export

Customer interface to Reclaim secure server. Copyright Reclaim 2012

Session Expires In:
0:29:34**Access Reports: e.g. Monthly Tonnage Totals**

You can view and download (pdf and csv) monthly totals for bins in use, collected bins, visits made by Reclaim, the average time per visit, tonnes collected, and payments or charges applied.

This is very useful if you need to report any environmental measures or sustainability efforts.

You can also view and download service activity by location, and view and download your statement from the current and previous month.

Please visit www.reclaim.co.nz for more information.
