

Serious About Recycling

SECURE

All paper, stapled reports & documents for destruction.

Plastic sleeves, cds, dvds, film, ring binders.

➤ Reclaim diverts recyclable products at source to ensure waste is recycled responsibly. Using correct sorting procedures, we assure businesses that their recyclable waste is converted into new end-products. Secure paper is shredded into illegible strands of paper at special secure facilities, this is then baled and made into new paper-based products.
